MUSIC FOR THE MOST FASTIDIOUS

Believing that music is one of the highest and most edifying forms of divine worship, the Baptist church of our city is planning and has planned a most unique and interesting program of service for a part of its worship in church.

For instance, the Sunday school which meets at 9:30 a. m., has organized under the personal supervision and direction of Dr. McClane an orchestra of 12 to 15 pieces and a chorus of forty voices and its well worth your while to go to the Baptist Sunday school alone and listen to this school sing—it is becoming an inspiration.

For the Sunday morning 11 o'clock services, the regular choir of picked mixed voices arranged in a sextet for anthem, solo and other work under the supervision of Mr. Nash, Miss Marguerite Porter and others, is now rendering some very fine selections.

At the Sunday evening service which convenes at 7:30 p. m., the singing will be led by a chorus of twenty men's voices, which has just been organized recently. They will make their debut next Sunday evening. These young men under the musical direction of Prof. Booe are making rapid progress and are doing some meritorious work. By the way, Prof. Booe has just recently come to our city and is looking for a location. He is a musician and composer of music of some note and comes here well and favorably recommended as a musical educator and composer, he having written such pieces as "The Black Diamond Express," "The June Rose," etc., which all handmen recognize as compositions of some merit. If everything is favorable, he proposes to open a musical and art studio and Ocala will be fortunate indeed if Prof. Booe decides to locate in our city.

In future church work Mrs. A. L. Izlar, Miss Mary Gates and Miss Mabel Akin will preside over the organ and pianos. The Baraca men's class is organizing a Baraca band, which will be one of the leading features of the music of the church.

To still carry out the scheme and plan in connection with the above, one Sunday evening service of each month will be taken up by massing the several organizations, orchestra, chorus, etc., together in one grand chorus under the direction of Dr. McClane, and it will be a special musical feast for that evening, the next one being on Sunday evening, May 16th.

The church under Rev. Bunyan Stephens' charge has been gradually drawing closer together and now each member is getting into harness for direct and individual work, in the church and as the membership takes up the pastor's work, it also strengthens him in his work, which shows in the fact that the pews of the church are being filled at each service to their capacity.

It is an actual logical fact, that Swift's Sure Specific flushes your blood, gives your entire blood circulation a fine thorough bath. It just naturally and in a twinkling irrigates every atom in your body. And best of all, S. S. S. though a powerful searching, overwhelming enemy to pain and the causes of rheumatism is as powerful as the heroic works of nature, as searching as the peremptory demand of the most exact science.
